

Long term planning overview

Geography 2023-24

Caring, Learning, Growing.

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
EYFS	Our EYFS curriculum has carefully planned learning opportunities which aim to help children build a picture of the world around them starting with the learning environment including our outdoor provision. They learn about important celebrations around the world and are exposed to different cultures through stories and songs. We use our local area to take our children outside of school so that they can compare two different places and be introduced to the idea of natural and man-made resources. In EYFS, we teach topics based around children’s needs and interests and therefore the geography we cover may differ from year to year.					
Yr 1	Where do I live? Characteristics of the United Kingdom Seasonal Weather		<i>Local Geography</i> Our school grounds			Seas and Coasts
Yr 2		<i>Small area of the UK study</i> London (comparison with Liverpool)		My World and Me <i>Non-European Study</i> <i>Local Geography</i> Walton Study	Weather Patterns
