Northcote Primary School

Caring, Learning, Growing
Thursday 20th. December

Happy Christmas to you all!

On behalf of everyone at Northcote Primary School I would like to extend to you all our sincerest best wishes for a wonder filled Christmas and a successful New Year.

We would like to thank you all for your friendship and support through the year. Your kind comments and tangible support are very much appreciated.

Our celebrations throughout this season have made us very proud of the children. The **Choir's** performances at St. George's Hall, at St. Giles' Church in Aintree and at our own Christmas performances were special and children and staff are to be congratulated.
All of our Nativity and Christmas performances were fabulous and again your children shone.

Huge thanks go to all **staff** at school for their commitment to and care for the children. We are really proud of the very many achievements of the children and for the awards that have been earned by school this year.
The visit from H.M.I. earlier this year identifies many of the key strengths of our school.

Thank you for your kind offers of help with the school's **bus**. Everyone was very disappointed to see the effects of the vandalism carried out by the group of youths who entered the school site last weekend. We continue to work with police in order to identify the culprits. In the meantime, we are carrying out repairs and increasing security. We would be grateful if you would contact the police directly if you see youths on our grounds over the Christmas period. We aim to have the bus restored to its original purpose by the start of the new term.

Finally, can I please remind everyone to stay safe over the holiday time? Road safety, 'stranger danger' and keeping safe online are all key messages and we would remind children and families to be aware.

We look forward to welcoming the children back to school on:-
Tuesday 8th. January at 8.45a.m.

We wish you all a very Happy Christmas!
