

Spring Challenge 2020

Activity 1

Go to the Children's University website
www.childrensuniversity.co.uk
 And complete the downloadable activities – 'Money Matters' or 'Bigfoot Creative Arts' follow the instructions to gain your credits!

Activity 2

Find an Easter or Spring themed recipe and cook or bake a tasty treat. Write down the ingredients and method and take a picture before you eat it all!

Activity 3

Write a report for your local newspaper or record an interview for the TV or internet. Talk about a local issue that you feel strongly about and how it impacts your family or community

Activity 4

Design and make a board game to play with all of your family. Use inspiration from your interests! Have a look here

<https://www.instructables.com/id/Build-your-Own-Board-Game/>

Activity 5

Try to stay active. Design and build an obstacle course in the garden and time yourself completing it. OR make up a dance to your favourite song and get someone to video or take pictures of you performing!

Activity 6

Get crafty! Make a card, gift or keepsake on a Spring or Easter theme. Try to use recycled materials if possible and be as creative as you can! Take a picture of your finished creation.

Activity 7

Work undercover! Come up with a secret code so that you can send undercover messages! Use numbers, letters, pictures etc and see if you can get someone to crack your secret message

Collect extra Children's University credits during the Spring break by completing this challenge. Each activity is worth 1 credit unless stated otherwise when you take evidence of your activity to your teacher or send it to your local Children's University. This could be a photograph, video, a work sheet, or writing! Send it to louise.waller@elevate-ebp.co.uk

Spring Challenge 2020

Activity 8

Keep a nature diary.
 Look out of your window each day and note what you see. Birds, wildlife, plants, weather...you can write the diary or draw pictures! Or why not go online and do the RSPB Wild Challenge
<https://www.rspb.org.uk/fun-and-learning/for-families/family-wild-challenge/what-is-wild-challenge/>

Activity 9

Junk modelling!
 Your challenge is to build the tallest tower possible! Using empty boxes, yogurt pots, cardboard tubes etc..measure your tower using whatever units you like – eg how many hands tall is it? Send us a picture!

Activity 10

Build a reading Den!
 Got a spare sheet or blanket? Then why not make a den? Crawl inside and read a book and write a review, take a picture of your den too we would love to see it!

Activity 11

Get sketching!
 Find a photograph of someone or find an object in the house and draw it. You and your family members could display your works to make a gallery!

Activity 12

Get growing!
 Plant some:
 Cress seeds to make egg heads, or
 Beans to watch the roots and leaves grow, or
 A sunflower and see how tall it grows? Send us a picture and a description of what you did.

Activity 13

Check out these websites for some fun science activities to do! Send us a picture of your experiment!
www.sciencekids.co.nz/experiments.html
<https://sciencebob.com/category/experiments/>
<https://www.dayoutwiththekids.co.uk/blog/easy-cool-science-experiments-for-kids>

Activity 14

Money saver!
 Make a list of everything electrical in the house. Now design a poster giving tips about how you can use less electricity and save energy.

Collect extra Children's University credits during the Spring break by completing this challenge. Each activity is worth 1 credit unless stated otherwise when you take evidence of your activity to your teacher or send it to your local Children's University. This could be a photograph, video, a work sheet, or writing!
 Send it to louise.waller@elevate-ebp.co.uk
