

# Exploring Leaves Observation Sheet

1. Fill a small glass about  $\frac{1}{4}$  of the way with water.
2. Squirt red food coloring into the water to make it dark red.
3. Snip off the end of the stem of a large leaf.
4. Place the leaf's stem into the water and observe what happens.

**Day 1**

**Day 2**

**Day 3**
