

# Oceans for beginners

X-Curric | Ages 5-7

Lesson 2

## Our ocean and us

Common  
Seas

Encounter  
Edu

# Learning objectives

1. Understand how we rely on the oceans
2. Give examples of what we get from the ocean
3. Use knowledge and understanding to plan a group project
4. Justify and explain choices

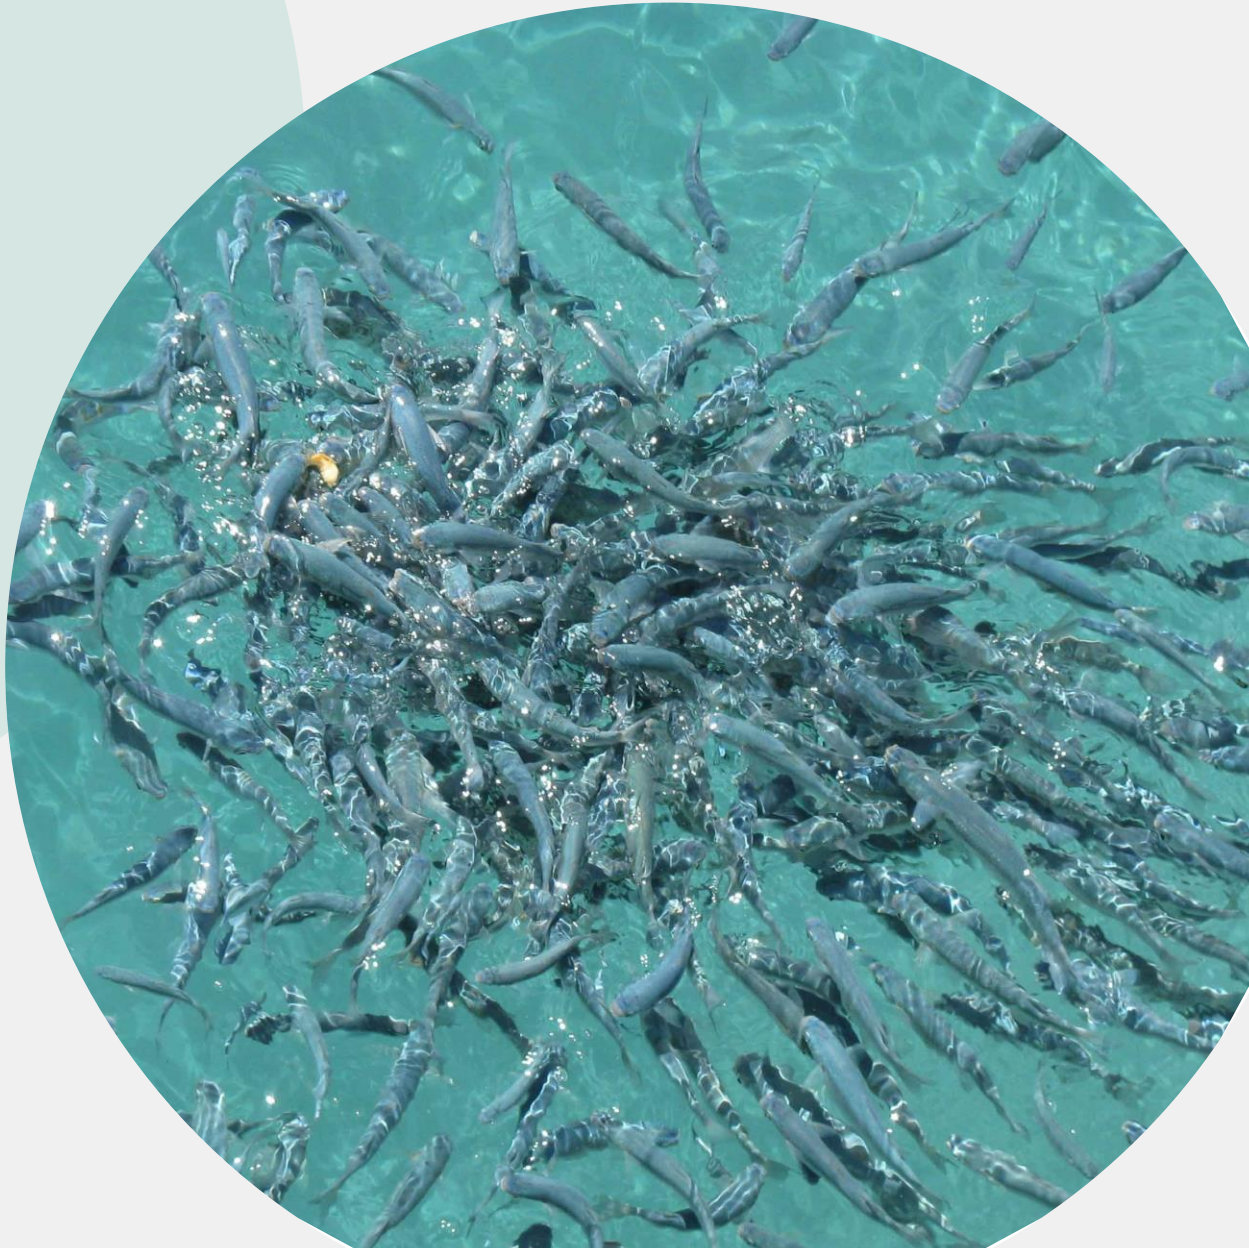

# What does the sea do for us?

# How does the sea help us?

# Quiz

Statement 1  
**The ocean gives  
people jobs.**

**True**

**False**

**People like to spend**  
**their free time or**  
**holidays in or around**  
**the ocean.**

**True**

**False**

**Statement 5**  
**People like to spend**  
**their free time or**  
**holidays in or around**  
**the ocean.**

Swimming, snorkeling, boat  
trips, lying on the beach.  
Have you been on a  
holiday by the ocean?

**True**

**Statement 6**  
**We get energy from**  
**the ocean that**  
**powers our homes,**  
**schools and cars.**

**True**

**False**

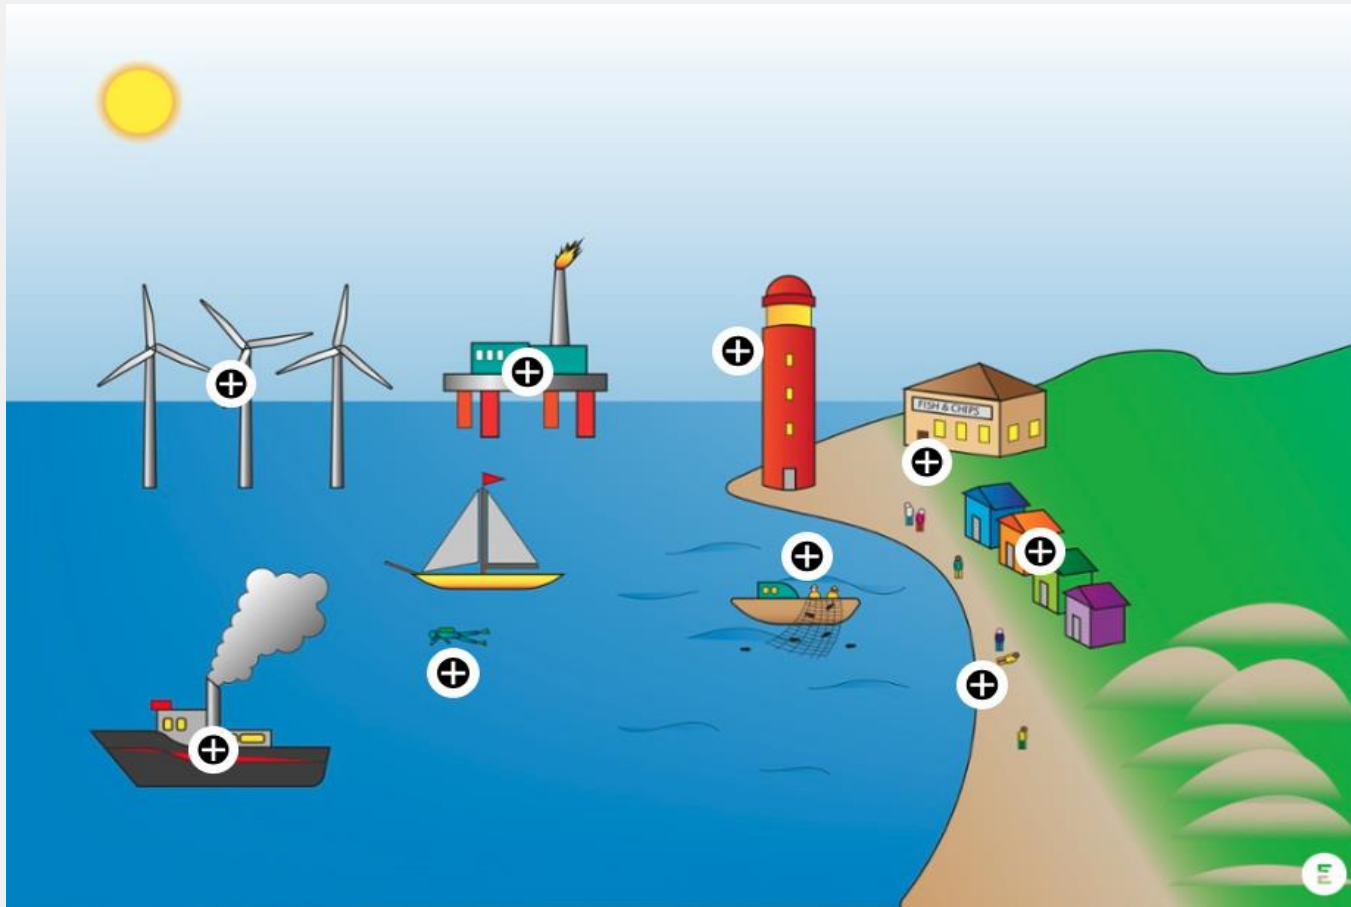

**Statement 6**  
**We get energy from  
the ocean that  
powers our homes,  
schools and cars.**

We use oil rigs to drill down  
under the ocean for oil and  
gas. We use the oil and gas  
for electricity and petrol.

**True**

# Making a diorama

# Review: Learning outcomes

- Understand how we rely on the oceans
- Give examples of what we get from the ocean
- Use knowledge and understanding to plan a group project
- Justify and explain choices

# Home learning

Keep a trash diary for the next week, record any items you throw away, what the material was and whether it was possible to recycle it.
