

Class 4 Home Learning

Please send in any pictures to us of the work your child is completing at home - we'd love to see it!

Week Beginning 5th October

Reading

Follow this link to find out how to get a specially designed library card to use in Liverpool libraries that have reopened as well as some digital reading material!

https://www.edgehill.ac.uk/news/2020/09/peck-up-a-my-first-library-card/?utm_source=ehuacuk&utm_medium=shorturl&utm_campaign=646

Follow this link for access to free books, exclusive videos and recommended reads from a popular children's author or illustrator on a weekly basis!

<https://wordsforlife.org.uk/virtual-school-library/>

Bug Club

All children have now been allocated a login for Bug Club. Bug Club gives your child access to at home reading books at their specific reading level. Children

can access the reading books online and progress through the reading levels with your support at home.

Children are expected to read at **least 4 books per week**. Each week we will be celebrating the child who reads to most books in a week, awarding them Bug Club Star.

More information can be found in the letter below. If you have any questions about Bug Club or need your child's login information, please email me at v.pitfield@northcote.liverpool.sch.uk

Your child can login to to Bug Club here: www.activelearnprimary.co.uk

[Bug Club Parent Letter](#)

Bug Club Reading Star

The child who had read the most books each week on Bug Club will get a certificate! Please remember that the children must complete the Bug challenges along the way in each book for it to show up in the library. When it is in the library it will tell me that they've read a book.

Any problems please email me - v.pitfield@northcote.liverpool.sch.uk

Writing

This week we will continue Poetry with a focus on **rhyme**. Rhyming words have the same final sounds. For example **bat, cat and mat** all rhyme.

Learn all about rhyming words on BBC Bitesize here:

<https://www.bbc.co.uk/bitesize/topics/zjhvcw/articles/zqjgrdm>

Sing along to the song below - can you rhyme with the words in the song.

<https://www.youtube.com/watch?v=RVophT8naUM>

Task 1: Open the file 'Rhyming Words' - can you think of 3 words that rhyme with each picture?

[Rhyming words](#)

Task 2: Put your words in to sentences.

For example:

The **f**rog jumped over the **l**og.

Can you remember what a sentence needs?

A sentence needs:

- to start with a capital letter
- finger spaces between words
- to end with punctuation, like a full stop
- to make sense when you or someone else reads it

Do you need help? Here are some resources to help with sounding out words and recognising capital letters:

[Phase 2 Sound Mat](#)

[Upper and Lower Case Letters](#)

Phonics

The following games and resources are available to help you with your Phonics:

<https://www.bbc.co.uk/iplayer/episodes/b01cz0p1/alphablocks>

<https://www.phonicsplay.co.uk/>

Remember to use the sounds you know when you are reading and writing.

Spellings

Spellings for this half term include age-related spellings from the National Curriculum, alongside spellings from the units of work being covered in the Northcote Humanities Curriculum. We will not be testing the children on spellings this half term but we expect children to start recognising them in their reading and attempting to spell them in their writing.

Please take some time to help your child practise reading and writing the spellings for this half term.

Week 1	Week 2	Week 3	Week 4	Week 5	Week 6
a	of	he	me	is	you
is	no	she	be	his	your
I	to	live	we	think	quick
well	do	give	buzz	honk	sea
rain	off	back	bank	sunk	saw
oil	hunt	jump	fresh	grand	bare
car	day	home	tube	for	there
see	made	out	when	boat	
seen	five	own		high	
her	how	lie		where	
		air			

Maths

This week we'll be learning about different numbers using the Numberblocks!

Fruit Salad!

<https://www.bbc.co.uk/iplayer/episode/b0blsv9r/numberblocks-series-3-fruit-salad>

Welcome to the fabulous, fun fruit factory, where Three's super fruit-sorting machines aren't giving her any fruit. Find out how to split numbers into smaller numbers in this video.

How many different ways can you make 5? 4? 10? What about other numbers up to 10? Use the Part-Whole Model to help you. Write them down as number sentences.

Zero!

<https://www.bbc.co.uk/iplayer/episode/b0blsx34/numberblocks-series-3-zero>

Learn all about 0 in this video! Try these calculations:

$$1 - 1 = ?$$

$$2 - 2 = ?$$

$$3 - 3 = ?$$

$$4 - 4 = ?$$

$$5 - 5 = ?$$

Science

Our Senses

This terms we will be learning about our senses. **Can you name the five senses?**

Task: Draw the outline of a body. Can you label the different body parts? On your body outline label these body parts:

Neck, arms, elbows, legs, knees, face, ears, hair, mouth, teeth.

Here are some fun and practical ideas for learning Science at home. Don't forget to take some pictures to show what you have been doing.
